

Foton Warranty Policy¹

Foton vehicles are covered by a comprehensive three (3) year / 100,000 KM bumper to bumper Manufacturer's Warranty, whichever occurs first.

Service Inspection Schedule:

All service inspections under Warranty must be carried out by Universal Hardware Authorized Service Centers.

The first service inspection is due at 1,600 km or one (1) month after delivery, whichever occurs first.

The second service inspection is due at 5,000 km or three (3) months, whichever occurs first.

The third service inspection is due at 10,000 km or six (6) months, whichever occurs first.

Thereafter, your vehicle should be serviced every 5,000 km at minimum, in order to remain covered under the Warranty Policy.

Break In Period Instructions:

Since the Vehicle is Factory new, we recommend that you operate it at below 90 km/h or 3,000 RPM for the first 2,000 km, this is to properly 'break in' and set all moving parts. If your vehicle is a 4-wheel drive, we suggest shifting and operating it from time to time as well during the 'break in' period.

Warranty Disqualifiers:

The warranty on your vehicle is disqualified under the following conditions:

- Odometer is altered or disconnected.
- Vehicle is altered in any way other than by us
- Vehicle is not brought in for maintenance and servicing according the prescribed schedule
- Repairs were done by persons not authorized by Universal Hardware
- The use of other than Genuine Original Replacements Parts sold by Universal Hardware

¹ The rules that govern our mandate to uphold Foton quality.
